Keep small parts away from children.

INSTRUCTION MANUAL

SOFT EMBRACE™ COMFORT BOUNCER

Thank you for buying the Soft Embrace™ Comfort Bouncer from Summer Infant. This bouncer will provide your little one with the ultimate in comfort. Newborns love to be cradled, so we've designed the Soft Embrace™ Comfort Bouncer to first and foremost support and hold your baby like they were in your arms. The ultra-plush padded seat provides a secure and inviting place just for baby. Soothing melodies, ocean and heartbeat sounds, and calming vibrations can be chosen in different combinations to please your child's individual needs as well. The Soft Embrace™... like your embrace.

⚠ WARNING:

- **NEVER** leave child unattended.
- **ALWAYS** use restraint system.
- **NEVER** use for a child able to sit up unassisted.
- **FALL HAZARD:**
 - (1) Child's activity may move bouncer. Use only on floor.
Never use on an elevated surface.
- **SUFFOCATION HAZARD:**
 - (1) Never use on a soft surface (bed, sofa, cushion), as seat may tip over and cause suffocation.
- Do not use this infant seat if it is damaged or broken.

BATTERY WARNING:

- Do not mix old and new batteries.
- Do not mix alkaline, standard, or rechargeable batteries.
- Remove batteries when bouncer is stored for long periods of time or when batteries are exhausted.
- Dispose of exhausted batteries properly.

COMPONENTS:

Seat Cover Assembly with Head Support
(includes Headrest Tube & Footrest Wire)

Frame Screw (2)

Knuckle Screw (2)

Base

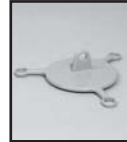

Mobile Arm Unit

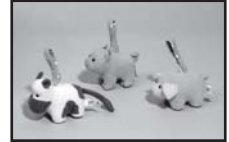

Left Knuckle

Right Knuckle

Mobile Toy Holder

Toys (3)

ASSEMBLY INSTRUCTIONS:

Step 1: Install batteries in the Right Knuckle (requires 4 "AA" batteries, not included). Unlatch battery door and lift battery separator out of the way. Insert 2 "AA" batteries making sure the + and - are facing the correct way (Figure A). Place battery separator over the 2 installed batteries and install 2 additional "AA" batteries (Figure A2). The battery compartment is labeled for clarity.

Step 2: Slide Left Knuckle onto base (Figure B) and screw into place with Knuckle Screw (Figure B2).

Step 3: Slide Right Knuckle onto base (Figure C) and screw into place with Knuckle Screw (Figure C2).

Step 4: Slide the Seat Assembly Headrest Tube onto the Left and Right Knuckles (Figure D), and screw into place with Frame Screw (Figure D2).

ASSEMBLY INSTRUCTIONS (continued):

Step 5: Insert Seat Assembly Footrest Wire into hole on the inside of the Left and Right Knuckles (Figure E).

Step 6: Fold down into position (Figure F).

Step 7: Take Mobile Arm Unit and hook Mobile Toy Holder into place (Figure G).

Step 8: Attach toy onto the Mobile Toy Holder (Figure H). Repeat for the remaining two toys.

Step 9: Plug the Mobile Arm Unit into the adapter jack hole located on the Right Knuckle (Figure I). Be sure that the adapter jack is plugged in securely.

TO USE BOUNCER:

Mobile Motion:

To activate Bouncer press the Power button located on the Right Knuckle (Figure J).

Select Motion:

Set the intensity of the vibration by turning the intensity knob on the outside of the Right Knuckle. Desirable speed depends on baby's size. For a small baby, select a slower motion speed. Turn the intensity knob clockwise to increase motion speed. To shut-off, turn the intensity knob counter-clockwise to the Off position (Figure K).

Select Sound:

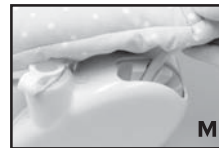

There is a 4-position slide switch on the front side of the Right Knuckle. Set the 4-position slide switch to hear music, heartbeat or ocean sounds (Figure L).

- Position 1 (Top): Heartbeat sounds
- Position 2: Ocean sounds
- Position 3: Five 30-second melodies and 15-minute auto shut-off feature
- Position 4: Shut-Off switch

To Adjust Seat Position:

Upright for feeding, semi-upright for playtime, and reclined for naptime. Do not change seat position while baby is in bouncer.

To change the position, grasp each side of the frame and slide out of the slots in the Knuckles. Insert both sides into the slot that will give you the desired position (Figure M).

Place baby in bouncer and position the restraining belt over his lap. Be sure to fasten both security clips and tighten by pulling straps.

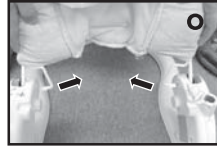

When Bouncer Mobile Is Not In Use:

Unplug Mobile Arm Unit from adapter jack on Right Knuckle.

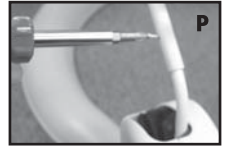

Fold-over small cap and snap cover into hole on Right Knuckle (Figure N).

TO CLEAN:

Step 1: Remove Footrest Wire from inside of Left and Right Knuckles (Figure O).

Step 2: Unscrew Seat Assembly Headrest Tube from the Left and Right Knuckles (Figure P), and remove Seat Cover Assembly.

Step 3: Remove Headrest Tube and Footrest Wire from Seat Cover Assembly by feeding the tubes through the sewn-in pockets on the back of the Seat Cover.

Step 4: Machine wash warm. Do not bleach.
Tumble dry low - remove promptly. Use steam iron - low setting.

MAINTENANCE:

Please check the following before each use:

- Make sure the screws that hold the frame together are tight and that none are missing.
- Make sure that the backrest is firmly located in one of the three positions in the connectors.
